Coronavirus (COVID-19) Update

March 23, 2020

Dear Valued Partner,

During the State of California Stay at Home mandate our administrative, engineering, and customer service departments are fully operational and working remotely.

We have been deemed an Essential Resource by many of our utility customers, therefore we are operating at a moderately reduced capacity at all of our plant locations. This reduction in capacity is to better protect our employees using CDC guidelines for social distancing and continual disinfection of all commonly used surfaces.

Please visit our website at www.armorcastprod.com for contact information and updates as to the status of our operation.

We apologize for any inconvenience this may cause as the health and safety of our valued employees and their families is our highest priority. We will return to full capacity immediately after these restrictions are lifted.

Sincerely,

Paul H. Boghossian
President
Armorcast Products Company
